On the St. Mary's picture eliminate the sky as shown and substitute a natural
sky. Also alter the trees and foliage to look somewhat natural. Eliminate
the wording and pastor's name at the bottom of the picture. On the Boys'
Catholic High School Picture be sure to bring out the details of the building
which are very dim. Put light foliage on the larger trees and eliminate the
small scrawny trees. Make the sidewalk to the main entrance complete. Show
the flag at full mast instead of half mast, and eliminate the protruding flag
pole from the cupola. On this picture apparently the building is a medium
colored red with sandstone or terra cotta trimming with a variegated tile
roof. The residences at the right and left should be eliminated.

And the individual titles will appear in the margin above or below the individual pictures, with South Point in the upper left, Decatur Township upper right, Hanging Rock lower left and Chesapeake lower right. There are no special retouching instructions. Just follow the general instructions to remove all minor portions of trees and to put light foliage on trees shown in their entirety. Clean up all the yard showing lawn instead of grading, remove all telephone poles and wires as well as smoke stacks. See that all windows are closed and all shades uniformly drawn. On the Chesapeake picture we had better remove the automobiles, patch up the curbing over the culvert in the right foreground, and remove the flagpole. On the Decatur picture we ought to raise the flag pole so that the unfurled flag will clear the top of the building.
